Gist Piano Center

To Whom it May Concern:

In September 2012, the Department of Music at Asbury University, Wilmore, KY, purchased from Gist Piano Center, Louisville, a new digital piano lab, including Roland digital pianos--eight of model HP 503 and one of model HP 505. Although we are in process of setting up the lab in preparation for our spring semester 2013, we have been very impressed with the service of Gist Piano Center so far. Mr. James Harding, Director of Marketing at Gist, has been especially helpful. We gladly recommend Gist Piano Center to other colleges and universities who are considering purchasing pianos.

Sincerely,

Donald A. Zent, DMA, NCTM
